For Vista Real Charter High

Address:	401 South A St., Ste. 3, Oxnard, CA, 93030-5278	Phone:	(805) 486-5449
Principal:	Corrine Manley, Principal	Grade Span:	9-12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. Most data presented in this report are reported for the 2010–11 school year. School finances and school completion data are reported for the 2009–10 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2011–12 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Vista Real Charter High School opened its doors in September 2005. The mission of Vista Real Charter High School is to provide students seeking an alternative to the traditional high school setting with a quality education. Vista Real provides a personalized approach to learning that empowers students to take responsibility for their education and to graduate with the skills to become contributing members of society. Students are provided with a structured personalized learning program, uniquely created for the student, which enables students to experience success toward graduation. Vista Real Charter High School strives to assist students in the mastery of basic skills, to acclimate students to technology, and to develop interest in life-long learning, as they become responsible contributors to their community and society.

Vista Real Charter High School is a public charter organization that offers a personalized educational program for those students who need a personalized learning approach to meet academic needs. Typical students have stopped going to their comprehensive high school, have not graduated, have adult responsibilities, need to make up classes in order to attain class-level status, or have unique scheduling needs that complicate the completion of their compensatory educational requirement. Many students merely work more effectively in a personalized learning environment. Regardless of the reason, Vista Real Charter High School offers a uniquely structured academic program, rigorously guided by the California Subject Area Content Standards that provides a challenging yet highly individualized education for students.

School Facilities

Summary of Most Recent Site Inspection

Vista Real Charter High School currently operates two resource centers in Ventura County, the main center in Oxnard and a satellite center in Santa Paula. Our schools have the feel of a friendly business office. The Oxnard campus is located in 6400 square feet on the second floor of the historic Woolworth Building, adjacent to the transportation center, in downtown Oxnard. Our Santa Paula campus is conveniently positioned in a 3600 square feet office facility on Harvard. Each facility has a computer lab, student work area, teacher stations, and restrooms that are maintained on a daily basis.

At both campuses, students and parent/guardians are required to review and sign an understanding of the rules, policies and procedures of Vista Real Charter High School. This signed acknowledgement page remains in the student's folder.

School Accountability Report Card

Reported Using Data from the 2010–11 School Year

Published During 2011–12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.

- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California’s public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010–11)

The mission of Vista Real Charter High School is to provide students seeking an alternative to the traditional high school setting with a quality education. Vista Real provides a personalized approach to learning that empowers students to take responsibility for their education and to graduate with the skills to become contributing members of society.

Opportunities for Parental Involvement (School Year 2010–11)

The Parent Advisory Committee ensures parental involvement in students' learning process. The Parent Advisory Committee consists of parents and Vista Real Charter High School Teachers/Staff. The Parent Advisory Committee provides advice and assistance in planning, developing, implementing and evaluating the School Program. All interested parents are invited to attend, and are notified via phone, email, school website and school fliers. Additionally, teachers refer parents for this committee that they believe would be positive contributors to work towards the goal of school improvement. The Parent Advisory Committee meets a maximum of four (4) times during the school year. In addition to this, parents are a vital resource for processes such as WASC accreditation.

III. School Climate

School Safety Plan (School Year 2010–11)

The safety of our students and staff is a high priority at Vista Real Charter High School. VRCHS is linked directly to Ventura County Office of Education and the Oxnard Police Department. We are part of a safety zone that is patrolled daily by a police officer assigned specifically to an area of the city. The downtown merchants’ safety officers also patrol around VRCHS. In addition to this daily support, a private security company monitors VRCHS. The staff meets regularly to discuss safety issues and to take steps to be pro-active in preventing various types of school-related safety issues. On an on-going basis, officers from the Oxnard Police Department conduct presentations including: gang awareness, school evacuation procedures, etc. Our safety plan is evaluated on a yearly basis. VRCHS also provides a Preparedness Policy handbook for all staff members. This handbook is readily available on each staff desk or area. The handbook gives descriptive guidelines on what to do in an emergency situation such as medical and first aid, fire, earthquakes, gas leaks, bomb threats, explosions and violent or criminal behavior.

* *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010–11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

Note: Cells shaded in black do not require data.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2010–11)

Vista Real does accept categorical funding. Title II Part A is used for our staff development only. Title III funds are used to assist students that have limited English proficiency. ARRA (SFSF & Ed Jobs) funding was used to retain teachers positions. Special Education programs for SELPA, students with special needs.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with

significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2010–11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tq/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API* Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in ELA and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010–11)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate - English-Language Arts	No	Yes
Met Participation Rate - Mathematics	No	Yes
Met Percent Proficient - English-Language Arts	No	No
Met Percent Proficient - Mathematics	No	No
Met API Criteria	Yes	N/A
Met Graduation Rate	No	No

Federal Intervention Program (School Year 2011–12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations* Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Indicator	School	District
Program Improvement Status		Not In PI
First Year of Program Improvement		
Year in Program Improvement		
Number of Schools Currently in Program Improvement		1
Percent of Schools Currently in Program Improvement		12.5%

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the *UC Admissions Information* Web page at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

Completion of High School Graduation Requirements

This table displays, by student group, the percent of students who began the 2010–11 school year in grade twelve and were a part of the school’s most recent graduating class, meeting all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

Career Technical Education Programs (School Year 2010–11)

Vista Real’s career technical education program, called General Work Experience Education (WEE), is designed to help students earn elective credits while developing job skills and learning about career

opportunities. The program, which follows the state's Work Experience Education framework and content standards, was developed with guidance from the California Association of Work Experience Educators (CAWEE) and the Work Experience Education Resource and Assistance Network (WEERAN). Students in the WEE program can earn five elective credits over an 18-week period, up to a 40-credit maximum, while attending Vista Real. Participating students who are minors are allowed to work up to 48 hours per week. Vista Real requires that the supervising teacher determine if the student is eligible or ready to participate in the program. To qualify, the student must be at least 16 years old, be currently enrolled in the school, work no more than 40 miles from campus, attend school regularly, demonstrate acceptable grades and citizenship, sufficiently complete and return all academic and course assignments and have passed the CAHSEE or be enrolled in the CAHSEE tutorial program.

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

A minimum of fifteen days throughout the year are dedicated to professional development, in addition to support programs such as BTSA. Most professional development is done at VRCHS, but we also rely on Ventura County Office of Education for enrichment. The effect of professional development on student achievement is of great importance and gives strong impetus to the growth of instructional support in future curriculum development. As a result of student successes, more planning time will continue to be sought to provide teachers support in testing and assessments, instructional resource use, curricular development and technology, as well as workshops on the SCANTRON Performance Series and Skills Connection that helps to track, assess, and improve student performance in core level courses.

Much of the growth of the school has necessitated staff development in areas that deal with student attendance, academic progress, instructional strategies, and curriculum development. Emphasis has been placed on pre and post standardized student assessment results to better align curriculum and instructional strategies with the state adopted standards. Additionally, more dedicated planning will be devoted to developing professional learning communities to develop enhanced instructional strategies as well as more effective intervention programs.
